

(SUBSTITUTE)  
RESOLUTION NO. A-\_\_\_\_\_

1 WHEREAS, the City Council of Lincoln, Nebraska, is authorized under Sections 17.60.020  
2 and 17.60.030 of the Lincoln Municipal Code to establish wastewater charges for all customers of  
3 the Lincoln Wastewater System.

4 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln,  
5 Nebraska:

6 Effective with the billing cycle commencing on May 28, 2002, the following schedule of  
7 wastewater use charges is hereby established and adopted:

8 BASIC WASTEWATER USE CHARGE

9 (a) The basic wastewater use unit charge is hereby established as 103.5 cents.

10 (b) For any given residential property, the basic wastewater use charge for each billing cycle  
11 shall be determined by multiplying for each such cycle the total amount of water, in hundreds of  
12 cubic feet, metered for said property during a billing cycle chosen by the Director from the most  
13 recent past winter, by the basic wastewater use unit charge.

14 In the case of change of occupancy of residential property, if the Director reasonably  
15 determines that to compute the basic wastewater use charge for a given billing cycle upon the  
16 amount of water used by such property during such winter billing cycle would be inequitable either  
17 to the City or to the user, he shall use the average amount of water used by like users during such  
18 winter billing cycle to compute such charge.

19 (c) For any non-residential property, the basic wastewater use charge for a given billing cycle  
20 shall be determined by multiplying for each cycle the amount of water or wastewater, in hundreds  
21 of cubic feet, measured for said property during such cycle, by the basic wastewater use unit charge.

(d) Non-residential users shall be given credit, at the same rate, for water not discharged into the sanitary sewers provided such water is separately metered with the approval of the Public Utilities Department and at the customer's expense.

(e) Where a wastewater flow meter or other wastewater measuring device is required or permitted by the Director and is used to measure the volume of wastewater discharged into the Lincoln Wastewater System, such wastewater use charge shall be computed thereon at the basic wastewater use unit charge.

#### SERVICE CHARGE

Regardless of whether a wastewater meter is used, there shall be a service charge per month to each property using the Lincoln Wastewater System, determined by the number and size of the water meters serving such property, to-wit:

WATER METER SIZE	SERVICE CHARGE
5/8 inch	\$ 1.31
3/4 inch	1.31
1 inch	1.31
1-1/2 inch	2.62
2 inch	5.24
3 inch	11.79
4 inch	20.96
6 inch	47.17
8 inch	83.85
10 inch	131.02

The minimum service charge for a multiple dwelling unit or a mobile home shall be at least \$0.78 per dwelling unit or mobile home hookup space per month. In those instances where fire protection considerations dictate that a water meter larger than 1-inch service a single-family dwelling unit located on a single lot, the monthly service charge shall be \$1.31 per dwelling unit.

1                                WASTEWATER RATES TO CUSTOMERS OUTSIDE  
2                                                THE CITY LIMITS

3                Customers located outside the City Limits of Lincoln and served by the Lincoln Wastewater  
4        System shall pay the same Wastewater rates charged to customers within the City Limits of Lincoln  
5        for service furnished them by the Lincoln Wastewater System.

6                BE IT FURTHER RESOLVED that Resolution No. A-75077, adopted by the City Council  
7        on October 19, 1992, is hereby superseded.
